## Comfortable Living Surroundings for Students

---

The Campus of the International Department is located right next to the historic palace of Karlsruhe in the center of the city, only a few steps away from the main shopping street, yet very calm.

It offers a high level of service and living standards: English-speaking service desk, internet and additional services like washing facilities.

Students at the International Department live in 113 single and double rooms distributed over three floors.

The rooms are comfortably furnished with their own bathrooms. Groups of four to nine students share a modern kitchen, including dish washers, as well as dining and working areas. Free internet access is provided.

These shared sections all overlook an attractive courtyard that is used for various student activities, open air assemblies, and meetings. Intercultural exchange forms the basis of global networking.
